## KOORINGAL WELCOMES DAVID KEEGAN

David Keegan, or Taffy as he is better known, has joined Koorinal Stud as Nominations Manager. Taffy has been with Riverdene for many years and is therefore very familiar with the stallions Marwina, Zariz and Enemy Of Average, and of course well known to all Riverdene clients.

Taffy will be introducing himself by telephone to all current Koorinal clients to discuss intentions for breeding mares this season.

Taffy can be contacted any time, 7 days a week, by phone on 0417 378 591 or by e-mail at [dkeegan@internode.on.net](mailto:dkeegan@internode.on.net).

## BEST CHANCE OF CONCEPTION

We need your EMPTY and MAIDEN mares at Koorinal Stud by July to join our "Mares Under Lights" program, in order to give your mare the best chance of conceiving an early foal. Statistics prove that dry and maiden mares that are put under lights in the crucial weeks leading up to the covering period fully justify the associated costs.

Empty and maiden mares need to be put under lights from the second week in July until early September to ensure the desired result from this hugely successful procedure. The equine breeding season is dependent upon an increase in the number of daylight hours, so placing your empty and maiden mares under lights enables her to be reproductively cycling by September, and therefore much more likely to conceive from an early September mating than a mare in natural conditions. There is no debating early foals and their dams have many distinct advantages by foaling early in the breeding season.

If you would like us to include your mare in our program, or if you would like to further discuss mares under lights, please give us a call.

## NEW STALLIONS SETTLED IN WELL

Enemy Of Average, Marwina and Zariz have all settled in well at Koorinal Stud. They are all happy in their new environment and are no doubt counting down the days until September when they will be acquainted with their first mares for the season. We would like to take this opportunity to extend an invitation to inspect the stallions and our facilities, please contact Stuart to arrange an appointment.
