CASHED-UP SPRING

Cashed finishes 2nd to Alpha Miss in Schillaci Stakes with Lankan Rupee 3rd.

Ryan Balfour trained KRUPT gelding CASHED has had a pleasing start to the spring carnival, kicking off with two wins and a third before stepping up to tackle Lankan Rupee in the Schillaci Stakes.

CASHED jumped well and immediately settled at the rear of the field, trailing the leader by 7 lengths before jockey Dwayne Dunn asked him to move up at the 400m where he travelled three wide around the bend. Still trailing at the 200m mark, CASHED showed an impressive turn of foot to pass firm favourite Lankan Rupee and finish second to Alpha Miss by $\frac{3}{4}$ length, with Lankan Rupee finishing a further $\frac{3}{4}$ length away in third.

ZARIZ DELIVERS

Zariz continues to deliver on and off the track, with some sensational results in the foaling paddock this season. It is no secret that some of Zariz's best performers are geldings, including LAZER SHARP (Gr 1 St Ledger winner), SHIRAZ (dual Gr 3 winner) and RIZIZ (7 stakes wins). When SHIRAZ's breeders Peter & Colleen Dwyer decided to send his dam Movice Slipper to ZARIZ once again in 2014, they could only hope for a colt foal in 2015. When Movice Slipper delivered a lovely colt on 20th September, it was the start of a dream run for broodmare owners who had sent their mares to Zariz in 2014. Other notable colts by Zariz born this season include a full brother to RIZIZ (out of Priya, by Covetous), a full brother to Slate On Edge who won the 2014 Moonee Valley Subzero Greys Challenge (out of Freebe, by Crazy Moon) and a three quarter brother to Slate On Edge (out of Lovely Lunacy, a full sister to Freebe).

BREAKING IN WRAP-UP

The breaking in program is drawing to a close with the last of the youngsters now in their final stages of pre-training before moving on to their prospective trainers. The on-farm breaking in is proving to be very successful, with the horses receiving a well rounded education, including being familiarised with barriers. Matt Butt has done a fantastic job, with 27 horses completing the program over the last 6 months.
